

GitHub Repos

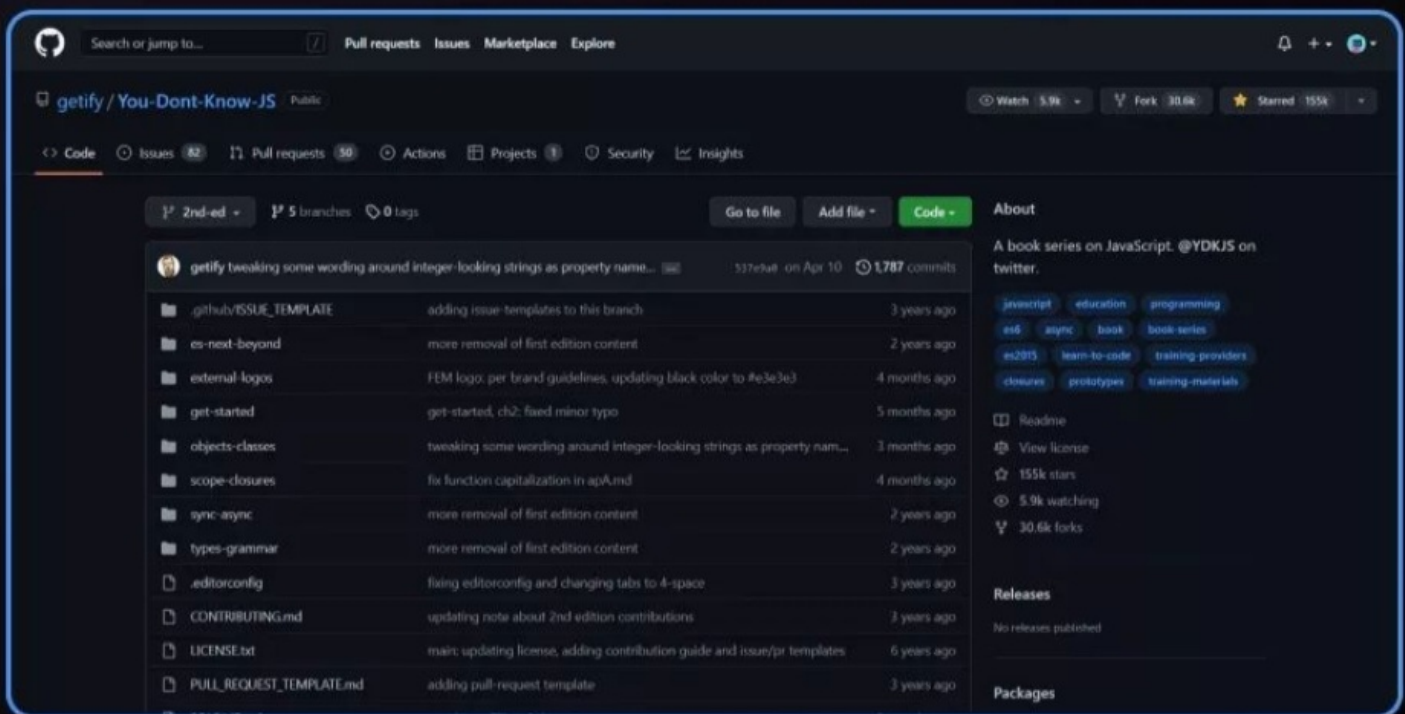

To Master a JavaScript

You-Dont-Know-JS

- This is a series of books diving deep into the core mechanisms of the JavaScript language.

github.com/getify/You-Dont-Know-JS

javascript-algorithms

- This repository contains JavaScript based examples of many popular algorithms and data structures.

github.com/trekhleb/javascript-algorithms

The screenshot shows the GitHub repository page for `trekhleb/javascript-algorithms`. The repository is public and has 143.9k stars, 4.3k watchers, and 23.9k forks. It contains 1,032 commits and 198 pull requests. The repository is described as "Algorithms and data structures implemented in JavaScript with explanations and links to further readings". The file list shows various configuration files and source code files, including `.github`, `.husky`, `assets`, `src`, `.babelrc`, `.editorconfig`, `.eslintrc`, `.gitignore`, `.npmrc`, `BACKERS.md`, and `CODE_OF_CONDUCT.md`. The right sidebar shows the repository's README, MIT license, code of conduct, and a list of tags including `javascript`, `computer-science`, `algorithms`, `algorithms`, `interview`, `data-structures`, `interview-preparation`, and `javascript-algorithms`.

clean-code-javascript

- Clean Code concepts adapted for javascript. Find the best code snippets here.

github.com/ryanmcdermott/clean-code-javascript

The screenshot shows the GitHub repository page for `ryanmcdermott/clean-code-javascript`. The repository is public and has 1.7k watches, 9.2k forks, and 68.9k stars. The main content area displays the commit history and the README file. The README file is titled `clean-code-javascript` and contains a Table of Contents with the following sections: 1. Introduction, 2. Variables, 3. Functions, 4. Objects and Data Structures, and 5. Classes. The right sidebar shows the repository's metadata, including the license (MIT), the number of stars, forks, and watches, and the releases and packages sections.

javascript-questions

- In this repo you find a long list of advanced javascript questions.

github.com/lydiahallie/javascript-questions

The screenshot shows the GitHub repository page for `lydiahallie/javascript-questions`. The repository is public and has 1.2k watches, 6.3k forks, and 44.7k stars. The main content area displays a list of files, each representing a language-specific version of the questions. The files are organized into a table with columns for the file name, the commit message, and the commit date.

File	Commit Message	Commit Date
ar-AR	Italian version added in the listing translations for all languages	17 days ago
ar-EG	Typo correction of serialisation of an object	3 years ago
bs-BS	Italian version added in the listing translations for all languages	17 days ago
de-DE	Italian version added in the listing translations for all languages	17 days ago
es-ES	Italian version added in the listing translations for all languages	17 days ago
fr-FR	Italian version added in the listing translations for all languages	17 days ago
id-ID	Italian version added in the listing translations for all languages	17 days ago
it-IT	Italian version	17 days ago
ja-JA	Italian version added in the listing translations for all languages	17 days ago
ko-KR	Italian version added in the listing translations for all languages	17 days ago
nl-NL	Italian version added in the listing translations for all languages	17 days ago
pt-BR	Italian version added in the listing translations for all languages	17 days ago

The right sidebar contains information about the repository, including a description: "A long list of (advanced) JavaScript questions, and their explanations". It also lists the repository's license (MIT), the number of stars (44.7k), the number of watchers (1.2k), and the number of forks (6.3k). The sidebar also includes sections for Releases, Packages, and Contributors.

wtfjs

- List of funny and tricky Javascript Examples. Learn Code with example.

github.com/denysdovhan/wtfjs

The screenshot shows the GitHub repository page for `denysdovhan/wtfjs`. The repository is public and has 26.8k stars, 521 watches, and 1.9k forks. It contains 427 commits and 2 branches. The repository description is "A list of funny and tricky JavaScript examples". The repository includes a README, a LICENSE, and a CONTRIBUTING.md file. The repository also has a list of releases, with the latest release being `v1.22.7` on April 26, 2023.
